All this time

I've been with you

You should know by now

Am down with you

[Montell Jordan]

Girl there you go again

Constantly questionin

Where I'm gone, where I've been

And where I'm comin from, yeah-eh-yeah

Is that so hard to see

You mean the world to me

Just because I'm hangin out

Don't mean that I'm playin around

It's all about you

[Chorus]

You're like a precious stone

I'll never you leave you alone

Word is bond, you turn me on

So don't be so possessive baby

I'd be a fool to risk

Losing a love like this

No I'm not a fraud

But you're the only one, you're the only one

[Chorus]

Girl I'm down with you

(Girl I'm down with you)

Ohhhhhhhhhh

(And if you don't know by now)

If you don't know

(You will never know, fair is never)

Never, never

(No one else but you)

I said there's no one else but you

(I gotta show you somehow)

Show you somehow

Since day one it's been you

[Chorus till fade]
