It is a Thursday
I got up early
It is a challenge
I'm usually lazy

I make some coffee
I eat some rice chex
And then I sit down
To check my inbox

I only read a word or two
I stare across the street
And see the churches
And the blue

The first orgasm of the morning
Is cold and hard as hell
There won't be any second coming
As far as I can tell

I arch my back
'Cause I'm very close now
It's very cold here
By the window

There are some school kids
Yelling and running
They barely notice
That I am coming

The first orgasm of the morning
Is like a fire drill
It's nice to have a little warning
But not enjoyable

I am too busy to have friends
A lover would just complicate my plans
So I will never look for love again
I'm taking matters into my own hands
I'm taking matters into my own hands

I think, I could last at least a week

Without someone to hold me
I think, I could last at least a week
Without someone to hold me
Won?t you hold me? Won?t you hold me?
