Didn't think it would turn out bad

I didn't think it would turn out bad

We agreed to go awhile

And it all was on a handshake and a smile

Didn't think it would turn out bad

I didn't think it would turn out bad

Cause it looked OK to me

But I guess you shouldn't be too sure of yourself

Didn't think it would turn out bad

Didn't think it would turn out bad

Now I see that I was incorrect

But that's easy here in retrospect

All our friends said "What's the fuss?"

Don't you know that these things happen to the best of us?

Didn't think it would turn out bad

Didn't think it would turn out bad

So if you're taking me to task for it

You should know I didn't ask for it

Oh, but as for my defense

I could swear it made sense to me at the time

Didn't think it would turn out bad

So now its safe to say that I really should have run the
other way

I didn't think it would turn out bad - ooh

Didn't think it would turn out bad - ly

Didn't think it would turn out bad - ooh

Didn't think it would turn out bad - ly
