Ooh, yeah, yeah

You're more than a number in my little red book
You're more than a one night date
All it had to take me was just one look
My heart began a thumpin', babe you had it jumpin'

Cause' you're more than a number in my little red book
You're more than a one night stand
In case you get to thinkin' that you'd been took
You're more than a number written in my little red book

Oh, baby, give us a chance
Don't let the small town rumors end our first real
romance
Now, I admit I've loved a few but there was never one
like you
So darlin, don't believe a word they say

You're more than a number in my little red book
You're more than a one night date
All it had to take me was just one look
My heart began a thumpin', babe, you had it jumpin'

You're more, baby, you are more than a number in my
little red book
You're more than a one night stand
In case you get to thinkin' that you'd been took
You're more than a number written in my little red book

Oh baby, you gave me a sign
I threw away the numbers of those old flames of mine
And now they're tryin' to put you whilst
Knock me down in my girls eyes
So darlin', don't believe a word that they say

You're more than a number in my little red book
You're more than a one night date
All it had to take me was just one look
My heart began a thumpin', babe, you had it jumpin'

Well, you're more, baby, you are more

In case you get to thinkin' that you'd been took
You're more than a number written in my little red book

You're more than a number in my little red book
Well, you're more than a one night date
All it had to take me was just one look
My heart began a thumpin', babe you had it jumpin'

You're more than a number in my little red book
You're more than a one night stand
In case you get to thinkin' that you'd been took
You're more than a number written in my little red book
