Take your shot
you're so sure anyway
we can stay or make this getaway
if it's so vital to the final outcome of the day
cause you are what's in fashion this week
on lips and lists in every magazine
you you are
you you are
what's in fashion this week baby
I hope to rescue me from me
and everything I'm swearing only sets you free
I've got this rope to wear
you've got this rosary
good luck getting to sleep
with what you've done to me
cause you are what's in fashion this week
on lips and lists in every magazine
you you are
you you are
what's in fashion this week baby
Oh what's it like?
to love and leave him stranded by
Oh enjoy the sight
cause this boy won't be cast aside
cause you are what's in fashion this week
on lips and lists in every magazine
you are
you you are
what's in fashion this week
cause you are what's in fashion lately
on lips and lists gone Hollywood sailing
you you are
you you are
what's in fashion this week baby
lately
