I wonder
about you
more than I'd care to this soon
and I'm asking
would you say
"tonight I feel the same way"
and I'm so, sorry
sorry I crashed into you
your mixtapes
your mistakes
leave me everwondering
to share one pair of headphones with you
to share more than
a simple view
I need these sounds
surrounding
to let me know
to let you go
the tables have turned on me again
meant words I never should have said
if I could I'd take them back instead
only to send them right back out again
I'm asking you what's next?
while I'm still in line
but something tells me
I have nothing to hide
and I try and I try and I try for
please don't expect me to try hard again
please don't pretend to mean what you said
I'd so wait for this day
so very long
you're bending all I believe left in me
