and I think  
ill sit here all night  
always  
sometimes my eyes just wont close  
and why  
is my hand still shaking  
everytime I find  
myself looking up?  
never thought  
id let myself get like this  
what is it about you  
that you can  
can make me forget  
that its only worth it  
if youre not  
and you so  
and you so are  
wait  
we say high to say high  
today  
we know  
there must be more to our lives than this  
lets all run away  
lets all run away tonight  
until the sunlight wakes us all  
and so lately im  
writing more and more  
in between gulps of free air  
distinctly remember  
that its january  
and 13th is not far away  
and this  
this is  
exactly what I had mentioned to you  
and this is  
this is  
the time of my life  
footsteps like thunder on pavement and wonder  
your evening is quiet  
and gently worthy  
of falling face down

to a blanket of sound and light
