just how blind does one need to be?  
i'm clearly lying through my teeth  
my mouth has taken a life of its own  
open up to see the trouble it's gotten me into  
it seems to me  
You're having 2nds, 3rds, and 4ths when I'm no better.  
but later than sooner your name will only be an after  
thought  
whiplash from photographs  
I did not expect your eyes to be  
such a shining example. I just dont understand  
everything, oh it gets what you want to  
I guess what you want to be  
let's whistle together when under the weather I'll  
pretend to care  
my lips are parched and pursed from you pushing  
them together  
our understanding skills could both use to be  
sharpened  
I could damper anytime  
I use this skill so often  
whiplash from photographs  
I did not expect your eyes to be  
such a shining example. I just dont understand  
everything, oh it gets what you want to  
I guess what you want to be
