If you're in old habits  
Set in your old ways  
Changes are a-comin'  
For these are changing days  
And if your head is in the sand  
While things are goin' on  
What you need, what you need,  
What you need is a change of habit

Now if you're in the habit  
To let your temper fly  
When you talk with people  
Who don't see eye to eye  
And if you don't believe it  
There's a newer world ahead  
What you need, what you need,  
What you need is a change of habit

A change of habit, a change of outlook  
A change of heart, you'll be all right  
The halls of darkness  
Have doors that open  
It's never too late  
To see the light

So if you're in the habit  
Of putting people down  
Just because they're different  
From the wrong side of town  
Well, don't count on any medals son  
They're pinning none on you  
What you need, what you need,  
What you need is a change of habit
