(words & music by L. Payne) I love you because you understand dear Every single thing I try to do. You're always there to lend a helping hand, dear. I love you most of all because you're you. No matter what the world may say about me, I know your love will always see me through. I love you for the way you never doubt me. But most of all I love you 'cause you're you. I love you because, because my heart is ligther honey everytime, everytime I'm walking by your side and I love you, yes I love you because the future is a little bit brighter and the door, the door of my happiness, you open wide No matter what may be the style or season, I know your heart will always be true. I love you for a hundred thousand reasons, But most of all I love you 'cause you're you.
