Oh, the way I feel tonight  
You better wrap me up good and tight  
In your arms  
In your arms

Just like a bee in a honeycomb  
I'm gonna make myself right at home  
In your arms  
In your arms

Well, it don't take much to keep me satisfied  
Just a little bit of lovin' that's bonafide  
In your arms keep me tangled up all the time  
Like a kitten with a ball of twine

Yeah baby, that's where I want to stay  
For the rest of my natural days  
In your arms In your arms
