(Words & music by Jesse Stone)

You gave me love to enjoy  
Like a bright shiny toy to a baby  
No matter what you would do  
I depended on you like a baby  
One thing I know I love you  
Yes I loved you like a baby  
It was a fool that you took  
And I think 'cause you look like a baby  
To lover's ways I was blind  
'Cause I just had a mind like a baby  
You're just a flirt  
And I had to be her guide like a baby  
I need you so, I need you so  
The day I found I am alive  
Then I broke down and cried like a baby  
Well it was then I could see  
You were playing with me like a baby  
Well you can bet that some day  
I'll forget just like a baby
