Thanks to the rolling, rolling, rolling, thanks to the
rolling sea

Thanks to the rolling, rolling, rolling, thanks to the
rolling sea

Fish on the table and fish on the fire, fried fish hanging
on the tree

Everything here that your heart desires, thanks to the
rolling sea

Thanks to the rolling sea

Living is good and living is fine, we're happy as can be

We owe all this to the salty brine, thanks to the rolling
sea

Thanks to the rolling sea

We work all day but our hearts are gay, and while we
work we sing

The mighty sea is good to us and we've got everything
Abalone steaks and tuna fish cakes, taste so heavenly

We know who we owe it to, thanks to the rolling sea

Thanks to the rolling, rolling, rolling, thanks to the
rolling sea

Thanks to the rolling, rolling, rolling, thanks to the
rolling sea

Thanks to the rolling, rolling, rolling, thanks to the
rolling sea

Thanks to the rolling, rolling, rolling, thanks to the
rolling sea
