Write to me from Naples  
Tell me all that's new  
I loved you in Naples  
More than words can say  
Call me cara mia  
Tell me all that's new  
Write to me from Naples  
Keep my heart with you  
I can hear a mandolino  
Softly it cries  
While I raise a glass of vino  
Praising your eyes  
Since we said a rivederci  
My poor heart cries  
Just for a letter from you  
Write to me from Naples  
Tell me all that's new  
Write to me from Naples  
Keep my heart with you  
Please come back, come back to me
