Your my best friend but then you died  
When I was 23 and you were 25  
Your my best friend but then you died  
And how will I survive, survive, survive, survive  
Oh how will I survive, survive, survive, survive

And everyday I waited for you  
And everyday, on the top of your car  
And everyday I waited for you  
And everyday on the hood of your car

I had a dream of you  
You were drifting away

You were sad  
The ocean was drifting away  
And I know your gonna be okay  
Cuz' I can see it in your eyes, your eyes, your eyes,  
your eyes  
And I don't know if I'm ever going to survive, survive,  
survive, survive

And everyday I waited for you  
And everyday, on the top of your car  
And everyday I waited for you  
And everyday on the hood of your car  
And everyday I waited for you  
And everyday, on the top of your car  
And everyday I waited for you  
And everyday on the hood of your car
