When I don't I never looked bad  
And baby you said you gotta ... like a , ball  
If you know I was this way, then you know I didn't have  
a say  
All will be ok,

Girlfriend I can't save your life again  
Girlfriend I can't save your life again

Oh, there's so little, left in my life  
That's why I go out at night  
And it's a , story, ,middle, to the back to the front  
To the back, to the middle, to the middle

Girlfriend I can't save your life again  
Girlfriend I can't save your life again.
