I wish your mind  
Was more like your heart  
Nailed shut  
Looking back,  
Can't remember  
To much love

Now when I fall down  
When I get weak  
When I grow tired  
I'll never drop my sword

Tell me,  
A sadder story

So I can fall asleep  
The right way,  
If I knew the right way  
Well we wouldn't be, here

Now when I fall down  
When I get weak  
When I grow tired  
I'll never drop my sword

Do you think Jesus loves me  
Can I go home again

I'm a boy
