Don't Check Me With No Lightweight Stuff

Wow! Tribute to the brother called Joe Frazier, Smokin'
Joe as I would say
Who lost the big fight, I tell you people this would be
the ultimate sight as I would say
Never, never brother Joe, never you be late for the
show
I'm begging you to return at the scene, there and then I
know you will be keen
No use for you lying around as I will tell ya
Got to train harder each and every day
No matter what thirty-six thousand folks may say
Mind Joe Frazier like I tell you, who's sharp like a razor
But he was no match for brother Georgie, shuffle
Georgie shuffle
Brother Joe I know you was very stout
But the brother called Foreman hits hard in any bout as
I would tell ya
So you got to be careful like I say, effective blues you
got to use
So the brother Georgie could never refuse
Brother Joe you got to come back to the ring
Because I know that you can swing and do your thing
Joe Frazier like I say, don't give up the fight each and
every day
You got to return on the scene, and use up your razor
machine as I will tell you
Round one and two I hear the crowd shouting 'Lion!'
I know the brother Georgie hit his right and he got iron
Don't you get weary brother Joe
I know one day you will be back for your big sunshine
show
And then you'll give it blow to blow, as I will beg you
brother Joe
Beggin' the brother not to leave the ring
You got to train hard one of these days you got to do
your thing
Brother Joe I know you can bob even swing
Brother Joe you gotta come on back
Heavyweight champion of the world now defeated, I

don't want you to feel too defeated
Don't get weary brother Joe as I will say, and come on
down along the way as I will play
And swing and sway, as I would beg you...
