I talk to no one  
Oh, you're invisible  
And with this venomous tongue, yeah  
None of it's true

And I can taste it  
You see it's in the heavens  
And merciful forever  
And now I understand

Could I make me get over you  
And you get over me?  
Oh, could I make me get over you  
And you get over me?

Aha, aha, aha, more, I just see you  
Aha, more anymore, I just see you

This is the first day  
I walk the rolling hills again  
Where I can make plans  
With pictures too

Tender trouble  
It's almost lovable  
I feel the weight of the trees  
Beat on my chest

Could I make me get over you  
And you get over me?  
Yeah, could I make me get over you  
And you get over me?

Aha, aha, aha, more, I just see you  
Oh, more anymore, oh, I just see you

Feel bad, say so  
Feel good, let it go  
Feel bad, say so  
Feel good, let it go

Aha, aha, aha, more, I just see you

Aha, aha, aha, more, oh, I just see you
