Maybe your eyes will ???  
and your teary tears will make it alright  
Maybe home is a thought, not a place  
Where you can move and still be safe  
Only I know in another time  
I can feel its edges and it's fine  
I want to steal from you, only you  
Make room for it

I am the thief who leaves it behind  
The moon and the window  
I am the thief who leaves it behind  
The moon and the window  
So good

So is your home a thought, not a place?  
You can move, you're still safe  
Maybe your eyes are a satellite  
and your teary tears will make it alright  
Only I know in another time  
I can feel these edges and it's fine  
I want to steal from you, only you  
Make room for you

I am the thief who leaves it behind  
The moon and the window  
I am the thief who leaves it behind  
The moon and the window

If you see yourself through the eyes of another  
Maybe you will be alone forever  
If you know yourself through the face of another  
Maybe you would know a warmth forever

If you see yourself through the eyes of another  
Maybe you will feel at will forever  
If you know yourself through the face of another  
Maybe you would know a warmth forever  
If you see yourself through the eyes of another  
Maybe you will feel alone forever  
If you feel yourself through the face of another
