No one wastes time quite like I do  
I can waste time like nobody else  
You can go running back to your friends  
You can go running back to your friends

Well, that's how it feels  
Oh, that's how it feels

I would understand your heart  
If I could feel it  
I would understand your heart  
If I could feel it

All I have is all that I am feeling  
All I feel well it's all that I know  
And then I use it every day  
And abuse it in every way

And that's how it feels  
Yeah, that's how it feels

I would understand your heart  
If I could feel it  
I would understand your heart  
If I could feel it

The sky is more certain  
Than you will ever be  
The rain clouds are angry  
At you and at me

The sky is more certain  
Than you will ever be  
The rain clouds are angry  
At you and at me

Forgive me baby  
I am not all that you see

I would understand your heart  
If I could feel it  
I would understand your heart

If I could feel it

I would understand your heart

If I could feel it

Oh, I would understand your heart

If I could feel it
