It's b-dub and tiffany and

We are in the place to be and

We came in to move your feet and

Get things jumping like they supposed to

Teen magazines we jumping right out the posters

Can't believe what you seeing then look closer

I know you can't believe she getting older

(Tiffany)

She's just a teen,

So how could she

Really know what she wants

I can't believe

You'd think I'd run and tell you're mean to me

When its really like

She mean ain't she.....

I know just what you think

You're so stuck in the past

Like stone-washed jeans

And I can endorse

Anything through me

Im flyer then you'd ever thought I'd be.....

(Tiffany-pre chrous)

You wonder why im so cold

You coulda been more involved but no

I'm not the girl that you knew before

I can't believe you didn't know I'm grown

(Tiffany-chrous)

Im grown now

Certified and all that

You say want you want

You cant take a thing from me

Im grown now (oh) I,I,I,I'm grown now (im grown)

I'm grown now

Got my own money

You ain't gonna run me

I ain't no dummy

I'm grown now (yea...) I,I,I,I'm grown now (grown)

(Tiffany)

I can't believe, they tryna block me

Just to playing them games I thought you'd be

Up in my league but no you can't compete

Back up don't touch gotta give me 50 feet

Cuz imma on another level

Im bringing things to life like im japetto

This is the last time that im gonna tell you

Im doing it big now, you wanna piece let it go

(Tiffany-pre chrous)

You wonder why im so cold

You coulda been more involved but no

I'm not the girl that you knew before

I can't believe you didn't know I'm grown

(Tiffany-chrous)

Im grown now

Certified and all that

You say want you want

You cant take a thing from me

Im grown now (oh) I,I,I,I'm grown now (im grown)

I'm grown now

Got my own money

You ain't gonna run me

I ain't no dummy

I'm grown now (yea...) I,I,I,I'm grown now (grown)

(Bowwow)

Aye tiff yo big brotha got you, its happing

You push one hand to the cloud then back to the wind

Bow and tiff evans is back at it again

Yea ma you grown go on and let you rims spin yea

These 50 lil days go head and let you paint drip (drip)

Tell your parents don't trip

And witcha girls go on ya lil trips

Its your world lil mama its your life to live

(Tiffany-bridge)
