Fifi said to Don the baker  
"Can ya show me how to bake another bun, Don?"  
And I'm still sittin' with my next door neighbour  
Sayin', "Where'd ya get the gun, John?"

Don't ya wanna rain dance with me?  
Don't ya wanna rain dance with me?  
Don't ya wanna rain dance with me?  
Don't ya wanna rain dance with me?

Christopher was asking the astronomer  
"Can your telescope tell me where the sun's gone?"  
And I'm still sittin' with my next door neighbour  
Sayin', "Where'd ya get the gun, John?"

Changin' just a few things  
Laughin' while the bell rings on the door  
Changin' just a few things  
Shootin' when the bird sings
