subtitle reaching all i see

terrified of you but not running away

sick of always seeing subtitles again

brain

memory has served me far too well
science knows not to dwell
until it finds you

terrified of you but not running away
my heart it was a stage and never played the game
sick of always seeing subtitles again
you've got the wrong message running through your
brain

waiting for go
waiting for go

terrified of you
terrified of you

terrified of you but not running away
my heart it was a stage and never played the game
sick of always seeing subtitles again
you've got the wrong message running through your
brain

terrified of you but not running away
my heart it was a stage and never played the game
sick of always seeing subtitles again
you've got the wrong message running through your
brain

waiting for go
waiting for go
waiting for go
waiting for...
