Yeah, yeah (\*echo\*)  
(\*female voice - moaning\*)  
Yeah (\*echo\*)

[Verse 1 - Timbaland]

Now here I go, Timbaland will never bring the same old  
flow  
When the game was mold  
I'ma hold my own, look at these women they wanna  
sing my song  
While they sing my song  
And they say my name, look at they ready to go and  
play my games  
I'ma pick the one and say it ain't no thing  
I'ma get the one that wanna drop that thing  
Can you top that thing?  
I'ma ride or die, ride through the corners like who am I  
Shorty I'm the one with the pump on five (\*gunshot\*)  
This is America, can you jump that high?  
Girl show it to me ...

[Chorus - Timbaland] + (Female voice)

I see you backside, pokin through your coat  
Come here girl let me take your coat  
Now I want you drop it to the floor  
And she say  
(I'm genuine baby)  
Go head baby  
(I'm genuine baby)  
Go head baby, OH, let me see that throwback baby  
OH, let me see that throwback baby  
(I'm genuine baby)  
Go head baby  
(I'm genuine baby)  
Go head baby, OH, let me see that throwback baby  
OH, let me see that throwback baby

[Verse 2 - Timbaland]

Now shorty take your time  
I'ma sip Hennessey while you taste that wine  
'Til we both feel fine

Well I, I think I really wanna stay for a while  
Bring some of your friends and we can play for a while  
Like hide and go get, and when I get you deny  
Make you turn around and put them hips in the sky  
Fuckin the ways I wanna hit 'til I'm tired  
And you could stick around, we can dip for the night  
Timbaland, just a man on the go  
When we gonna meet again, I just don't know  
But I'ma have to stay for the show  
I think I wanna see you take the stage once mo'  
While I say (say ...)

[Chorus]

[Verse 3 - Magoo]

I knew I cut real hard, this the fifteenth song  
And your man pagin you, he know you doin somethin  
wrong  
Girl take a X pill, drink a little yak  
Eat two power bars, I'ma hit it from the back  
My dick is like a Tech 9, you gon' respect mine  
I need some top piece, blow me 'til that head shine  
Oo never cums, that's why she must fuck me  
I hit it 49 states, next Kentucky  
So take off your coat, take off your throwback  
I ordered some ooze and ate of your toe back  
Make your ass clap, make your pussy snap  
So deep, so wet, my dick's swimmin laps  
Make your ass clap, make your pussy snap  
So deep, so wet, my dick's swimmin laps  
Perhaps we can menage to jazz  
I like blonde hair chicks, like candy ass

[Chorus]

(\*scratching mixed in with beat until fade\*)
