Your smile is like the sun to me  
So bright it's weakening  
But so sweet

But of all that you'd like from me  
A smile and be okay  
Sorry

It's taken me everyday  
To accept that I have to say  
Say no

I'll be right here  
(Say something's wrong)  
(To just find fault)  
She complains the room's too cold  
(But when I learn to make heat,)  
It's just to disappoint  
Oh you know I'll forget...  
So quick

Time,  
It makes it fine  
That's how we make this life  
Makes it fine  
It makes it right

Your eyes, they can't see  
(What it takes from me)  
Or how it hurts  
(Or how it holds our hands)

I'll be right here  
(Say something's wrong)  
(To just find fault)  
She complains the room's too cold  
(But when I learn to make heat,)  
It's just to disappoint  
Oh you know I'll forget...  
So quick

You know I always forget (3x)
