Try and pretend  
to remember when you were scared you'd say  
"do you think that we could be these people who lose  
everything?"  
and dont forget that you're (we're) scared

im finally at the im staying  
im finally at the place i can call my own  
im trying not to lose my reasons  
i plan on to remember all i know  
you know if i lose my faith, it comes back  
i hope he knows i tried

Try and pretend  
to erase the past 5 years you missed  
now do you think that it would be best and  
would you make the same mistakes  
or would you learn from them and learn  
that if it werent for you...

im finally at the im staying  
im finally at the place i can call my own  
im trying not to lose my reasons  
i plan on remembering all i know  
you know if i lose my fear, it comes back  
i hope he knows i tried  
yeah i tried...  
yeah i tried...  
do you think that we could be the kind that take  
everything (for granted)  
aware of what we say  
we know make the same mistakes  
the ones that really brought us here  
now dont you think that we would change  
we always make the same mistakes  
the ones that went  
they run this way...

im finally at the im staying  
im finally at the place i can call my own  
im trying not to lose my reasons  
i plan on to remember all i know

you know if i lose my fear, it comes back  
i hope he knows i tried  
i tried...  
i tried...  
i tried...  
i tried
