These eyes,
They're strongly covered in disguise
They're waitin' on the real time again
You'll see that no one knows for sure

For all of this
I'm better off without you
Do you regret so
Your loneliness

This ride is drifting slowly to the side
We're swervin' off the road
Goin' past the cones
That warned us from the start

For all of this
I'm better off without you
Do you regret so
Your loneliness
(2x)

(Every day goes, every night goes)
On and on we sing this song (every day goes, every
night goes)
The entire day that's oh so long (every day goes)
Every night we sing this song for you (every night)

For all of this
I'm better off without you
Do you regret so
Your loneliness
(2x)
