I know, that time moves faster when you're sleeping.
And I know, it's not too good for me.
Because when I wake up, I'm all alone.

It's just enough for me to fall in love with you.
And I wake up, time and time again,
With nothing here for proof.

If I have to wake up one more time,
Without you and these ugly red eyes.
I hate the bright blue sky, to greet me in the morning,
Rather than your arms.

It's just enough for me to fall in love with you.
And I wake up, time and time again,
With nothing here for proof.
I need you to be with me,
Dreams can only hold me for so long.
And I will wait my life, I promise to do it right,
For just one moment to be alone with you.
I see us standing there,
Holding something in our hands.
I see an open door,
I see us walking in.

We're walking up the stairs,
We're walking up the stairs,
We're walking up the stairs,
We're walking up the stairs,
Into our room.

Waking up can be so hard to do
