[Shrink]

Well, so he just left?..

[Patient]

See there comes a point in everyone's life
Where they just start seeing things differently
Or you know they're put in a situation where they have
to
I guess it was just his night

[Shrink]

If you don't mind, whats his name?

[Patient]

His name is Matt, and I think his fathers name is Matt
too, but I don't know

[Shrink]

Okay, so what happened next, where did he go from
there?

[Patient]

Well he stood in his girlfriend's dorm room for a little
while
He couldn't stay there long
I think her father actually felt bad for him
So he offered him a job as a file clerk at his law firm
Nothing special, just sorting papers
And her dad made him a deal he said, if you take this
job seriously
And if you start going to school and you're serious
about my daughter
I'll help you guys out with an apartment
So he took it, and maybe Matt really didn't want that
Maybe he didn't really want to go to school or work at a
place like that
But he also wanted to prove to his father that he was
better off without him
That he wasn't a waste
And he also knew that making that deal with her dad
would make his dad so much more mad
Because he hated her father

He always said how lazy he was, and he steals peoples
money
And he doesn't have a real job, and he doesn't know
what it feels like to work
I guess that's the motivation he needed to straighten
out his life
But I don't think they ever talked again anyway
So I don't think it really mattered
