One two three

The truth is you know I'm having a moment right now  
Where everything makes sense  
Well I think some feeling from this sliding  
Smooth guitar would shred right now

And all those nights I lost by thinking way too hard and  
long  
I finally realize just by adding some deep end I feel  
alright

The truth is you know we could never find a better  
friend to work with  
You make us feel at home it would make me so happy  
right now to hear  
Some piano being played by my oldest friend

And all those nights I lost by thinking way too hard and  
long  
I finally realize that I need some drums cracking and I  
feel fine

The truth is my love that I love you so much that it  
hurts, oh  
And as cheesy as I sound I've been practicing  
For the moment when I do, oh I do

And all those nights I lost by thinking way too hard and  
long  
Well I finally realize as long as I have you I'll be alright

The truth is you know I'd be nothing without everyone,  
oh
