No (no, no), She did'nt think so.
No (no, no), She did'nt think so.
Waste my time, trying to get out of here.
Waste my time.

Tonight, we're gunna have ourselves a party.
Yeah yeah,
Tonight, we're gunna give ourselves away.
We're gunna give ourselves.
Yeah, we run to make it all the way back home,
Back home.

Today isn't my day, no (no, no),
She did'nt think so.
Today isn't my day, no (no, no),
She did'nt think so.
Today isn't my day,
You, waste my time, trying to get out of here,
Waste my time.

You're right, i never meant to get you started,
So, goodnight, i think i'll leave while you're still asleep,
Yeah, we run to make it all the way back home,
Back home.

Today isn't my day, no (no, no),
She did'nt think so.
Today isn't my day, no (no, no),
She did'nt think so.
Today isn't my day,
You, waste my time, trying to get out of here,
Waste my time.

Waste my time, trying to get out of here,
Waste my time.
Waste my time, trying to get out of here,
Waste my time.

No, She did'nt think so.
Today isn't my day, no (no, no),
She did'nt think so.

Today isn't my day,
You, waste my time, trying to get out of here,
Waste my time.

Waste my (Trying to get out of here)
Waste my (Trying to get out of here)
Waste my (Trying to get out of here)

Today isn't my day, no (no, no),
She didn't think so.
Today isn't my day, no (no, no),
She didn't think so.
Today isn't my day, you.
