Well, you've been gone
Fourteen long days
Yes, you've been gone
Fourteen long, lonely days
And I'm prayin' to the Lord
Please don't take my love away

Come back home
All I want is you
Hey, hey, hey, come back home, baby
You know all I want is you
You know you'll never find another boy
To treat me like I used to treat you
You gotta play me some blues

Hey

Oh baby, baby, why don't you come back home to me?
Hey, baby baby, why don't you come back home to me?
I want you to come back home, baby
Baby, please set me free
