I've been around the world, it's true
Searchin' for someone, exactly like you
I finally found a love that's true
Oh, oh, oh

You heard my story, you heard just what I said
The one that I love, she might as well be dead
Finally found a love that's true
Oh, oh, oh

Ahh, oh, oh, oh

You heard my story, you know how I feel
You got me spinnin' like a spinnin' wheel
And finally found a love that's true
Oh, oh, oh

I've been around the world it's true
Searchin' for someone, exactly like you
And finally found a love that's true
Oh, oh, oh

And finally found a love that's true
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
