Like some old piece of rag
That's faded and blue
Like some old piece of rag
That's all I mean to you

Baby that's all
That's all I am to you
And you know
That's all I am to you
I can feel
That's all I am to you
Like some old piece of rag that's so faded and blue

Old open heel
On some worn out old shoe
Deep inside my heart I can feel
That's all I am to you

Hey baby that's all
That's all I am to you
You better believe
That's all I am to you
and I know
That's all I am to you
Like a torn open heel
On a worn out shoe

Hey baby that's all
That's all I am to you
Yeah!!!! yeah!!!!
That's all I am to you
Hey, hey, hey
That's all I am to you
Like a turned over heel
On a worn out shoe

Christmas toy
That's broken in two
And I know you want to destroy

I said baby that's all

That's all I am to you
I said Baby that's all
That's all I am to you
My heart
That's all I am to you
I can feel it

That's all I am to you
Yeah!!!! yeah!!!!
That's all I am to you
Yes know
That's all I am to you
baby!!!!
That's all I am to you
I believe
That's all I am to you
Yyyyeah!!!! yeah!!!!
That's all I am to you
You broke my heart
Yyyyeah!!!! yeah!!!!
That's all I am to you

(Fade) That's all I am to you
You better believe it
That's all I am to you

(Form Israel Written form hearing alone)
