Twas so long ago and so far away,

I wonder what your doing today.

I remember like it's yesterday,

The song we used to sing what was its name,

Lasts together til the breakup day,

And I knew I'd never be the same.

Now so many winters turned to spring,

And where is the love that i thought they would bring,

Sit and think about that girl from spain,

And how we used to sing.

La La La La La La, La, La Europa

La La La La La La, La, La Europa

London, Amsterdam, and gay Parie,

Don't mean that much to me there all the same,

People fallen but the one for me,

They could never match that girl from spain.

Now so many years has passed me by,

And still I long for that sweet spanish sky,

Tickavita do you think of me,

And of this melody.

La La La La La La, La, La Europa

La La La La La La, La, La Europa

---Spanish Jam---

A box of letters and a photograph,

Are all thats left to keep our memories,

Sometimes I could swear that I could hear you laugh,

Like a ghost that could never be.

At night I could look across the sea,

And wondering if you could be looken at me,

The ocean haunt me like a syphony,

That plays our melody.
