Every time I close my eyes  
I hide behind the blackened lies  
That follow me throughout my history

The lives I've touched, the things I've done  
The things I know will never come  
Get washed away in my happiness

And oh...  
When you feel stranded  
Don't take for granted  
This thing called life

And oh...  
When you feel stranded  
Don't take for granted  
This thing called life

Moving on was hard to do  
To leave the things that I once knew  
And childhood is the one thing that will come back to  
me

How can I sit idly by  
Watching all these hours denied  
My name is all I have for an offering  
And oh...  
When you feel stranded  
Don't take for granted  
This thing called life

And oh...  
When you feel stranded  
Don't take for granted  
This thing called life

Don't take it don't feel it don't take it don't  
Don't feel it don't take it don't feel it don't  
Don't take it don't feel it don't take it don't  
Don't feel it don't take it don't feel it don't

Oh...

Don't take for granted
