Keep your heart in my safe keeping
Kiss your eyelids while you're sleeping
Promise, that I'll always love you
This is, all about all of you

Lovely darling
Precious starling
Reaching to the stars - I'll steal them all for you
Calling, crawling, spinning, falling
All for you

All about all of you
All about all of you

Warm your skin with sweet embraces
Leave your troubles - only traces
Dreams like raindrops
Across the treetops
All about all of you

Lovely darling
Precious starling
Reaching to the stars - I'll steal them all for you
Calling, crawling, spinning, falling
All for you

Lovely darling
Precious starling
All about all of you
Lovely darling
Precious starling
All about all of you

All about all of you
All about all of you

Reaching to the stars - I'll steal them all for you
Calling, crawling, spinning, falling
All for you

Lovely darling
Precious starling

Reaching to the stars - I'll steal them all for you
Calling, crawling, spinning, falling
All for you

All about all of you

Reaching to the stars - I'll steal them all for you
Calling, crawling, spinning, falling
All for you

All about all of you
