[Intro: D.C.]

Icewater, Jagged Edge

And we can do it til the sun rise, girl

I'll have you talking bout you loving mines, girl

So don't stop, get back in bed

It's Icewater and Jagged Edge

[Chorus: Jagged Edge]

All night, all night, all night, all night

We gon' be here pushing til the sun comes out

I'mma be a pimp, til yo toes curl up

All night, all night, all night, all night

We gon' be here pushing til the sun comes out

We gon' be right here, get it popping all night long

[D.C.]

Allah done raised black and red, she like to do it to the music

And the fingers on the player, Jagged Edge

I never let my magic bet, cuz I can do it all night

All types of positions, cuz I don't strike in bed

So how you want it, from the front or from the back instead

Or from the side, you can ride, while I relax in bed

You feeling sleepy baby girl, just think it's Cash's meds

That you can take to stay awake until the magic's dead

Let's make it last instead, I'm talking hours in the showers

Ain't no throwing the towels, let's take it back to bed

And you don't have to beg, I'll give it to you

Til the moon drops, let's make the moon rock until we crack the bed

[Chorus]

[P.C.]

I got your bath water running, you feeling hungry, I can order something

Looking at your body, I just wanna touch it

Forget how he do you, let P.C. do you

And I'ma make your toes curl like a Cheese Doodle

Skip the convo, the words is worthless  
I'm trying to get it popping til the birds is chirping  
The sun rise up, we can close the curtains  
I'm the all night type, baby girl, I worsen  
Beast to the sheets, the freak of all freaks  
Baby bump round to put you to sleep for four weeks  
I hope you ready cuz it's gon' be a long night  
P.C. about to give it to you all night

[Jagged Edge]

You be the teacher, and I'll be the student  
Any ideas that you got, we can use 'em  
Intertwining bodies, in one beat like it's music  
You ain't gotta waste your turn  
Devil's due, one day churn  
Flowing, my two way on silent  
Hoping, to rupture, forbidden type of...

[Chorus]
