[Chorus: Raekwon (Remy Ma)]

Aiyo, tell me how you like it  
Shorty, I can fill necklace with ice bricks  
Big houses and jewelry and nice whips  
And all you gotta do is tell me how you like, now how  
you like it?  
(I tell you how I like it  
And you ain't gotta try and buy me with nice gifts  
We can probably take a ride in your Lexus, slide on the  
nightshift  
Real real it, that's how I like it)

[Remy Ma]

See, I'm the type of chick that'll call his phone  
At two thirty in the morn', like I'm home alone  
I gots to smoke, come over, make him think we fucking  
And when he get here, nothing, I only need a Dutch  
If it's mine, don't touch it, give it time, don't rush it  
And I never do displays of affection in public  
I'm Remy, and you can't control your liquor  
Give you negative, you still ain't get the picture  
I ain't a gold digger, I'm a go getta  
And I got money, I ain't fucking with a broke nigga  
Not even close, nigga, yeah I need that gwop  
See I like convertibles, I don't need that top

[Chorus]

[P.C.]

I'm P.C., respect the don  
Trick, I can switch a till Coupe from a MetroCard  
Drive cars, no rules, where the trees is palm  
Nice weather, everyday and the weed's the bomb  
You don't believe, that my cream is long?  
I got money to burn, but never trick for these sleezy  
broads  
All they getting is a dick in they back  
If I ever did, trick, when they leave me, they giving it  
back  
I like late night creeps, with a late night freak  
Hot sex in the car, with the case, might be

Long strokes when I pipe it, I can give you nice dick  
And all you gotta do is tell me how you like it

[Chorus]

[Polite]

Yo, I like 'em sassy, with a little touch of class  
Take a redbone, sprinkle low a Stacey Dash  
Body smooth, sorta like a baby's ass  
Head game crazy, shorty almost made me crash

[P.C.]

I like 'em 5'9, and a chocolate diva  
BK chick, bring a nigga chocolate reefer  
Sticky black, no garbage either  
Freak in the bed, and know how to palm the heater

[Polite]

I like a chick that knows to respect the don  
When it come to strength, no doubt, respect is on  
She gon' ride, whenever the pressure's on  
And Transform on your ass like a Decepticon

[P.C.]

Stick and move with the weapon drawn  
Bonnie and Clyde, we ride with our vests on  
She ain't afraid to protect the God  
She a snotty chick, that stay disrespecting y'all

[Chorus]
