Strap it on tight! Putrid cunt, feel it cut deep, into your cheeks, blood leaks,
down your pretty face, come and fuck me, please don't cry, just place your ass in the air!
So I can pound your waste hole in to oblivion, tearing your inner wall with my dick,
forcing pain through your body, bitch stop crying, I'll gag you with razor wire!
Losing her consciousness due to loss of blood. She is revived by my cock pounding her puckered ass. Still bleeding heavily tears pour from her eyes. Pulling her hair and butt fucking her insides. Fucking her ass until it's the size of my fist. Making sure it will not retract. Bruised and raped she lies in pain. Begging for me to spare her life. Unstrap the bloody gag from her mouth. Attempting to shove it in her busted ass.
Razorized... Ball gag removed from her mouth and placed in her ass. I stick my cock in her bloody mouth. With a ball gag in her ass. She gorges on my prick. Blood mixed with my cum (due to my) Razorized Ball Gag. Cups my balls to drain every ounce of me, Swallowing my load to satisfy my, Insatiable urge to kill every bitch in sight,
As hard as she sucked it will not stop me!
