[x2] Oooh, touch me now

Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine  
Touch me, touch me now  
Touch me, touch me now

Full moon in the city  
And the night was young  
I was hungry for love  
I was hungry for fun  
I was hunting you down  
And I was the bate  
When I saw you there  
I didn't need hasitate

This is the night  
This is the night  
This is the time  
We've got to get it right...

(This is the night)  
Touch me, touch me  
I wanna feel your body  
Your heart beat next to mine (this is the night)  
Touch me, touch me now  
Touch me, touch me now

Hot and dolded emotion  
Confusing my brain  
I could not decide  
Between plesure and pain  
Like a tramp in the night

I was beging for you  
to treet my body like you wanted to...

This is the night  
This is the night  
This is the time

We've got to get it right

[x3] (This is the night)

Touch me, touch me

I wanna feel your body

Your heart beat next to mine (this is the night)

Touch me, touch me now

Touch me, touch me now

touch me touch me now, etc
