Over the top
We waited here
We stayed in there
Over Tom
He moves into view
A selophane suit
At four'o'clock
Ooh

(Chorus)
So long, we waited here
For Neon Tom
So long, we stayed up there
Where we don't talk
Oh

Took you up
Way up there
And took me across
Over tom
Well what can you do
Selophane too
That's alright, we don't think so
It's not what you mean
It's what you do

(Chorus)

Everybody knows what to say
And everybody knows how to play you
You take my way, oh
Everybody knows what to say
And everybody knows how to play you
You're every day
When they take you away
Hope your dreams all come true

Over the top
We waited here
Then we stayed in there
Over Tom

Well what can you do
A selophane glue
At four'o'clock
Ooh

(Chorus)

Everybody knows what to say
And everybody knows how to play you
You take my way, oh
Everybody knows what to say
And everybody knows how to play you
you're every day
When they take you away
Hope your dreams all come true
True
