Verse 1

I stand alone at the back of the room
I'd rather watch than approach you.
You glance at me with a soft placed smile.
But I look away before I realize that the moment has
passed on by.

Chorus

Ohh do nothing all the time

Verse 2

Don't crowd around the man he can't breathe.
He missed a chance to
finally be brave.
He's been running back to the past the past to fix his
big mistake.
But now he realizes that there is no time and he wants
it back
but there's no falling back in line.
There's no pride in what's been done
when you do nothing all of the time.

Chorus

Ohh do nothing all the time

Bridge

Well I've been around here long enough to know that
time won't hesitate.
It'll let you in but it won't wait.
You may wonder why it slips on by, just promise me
one thing.
If regret should come, it's from what's done,
not what you've been missing.

Chorus x2

Ohh do nothing all the time
