Eat well stay healthy and big, get your shit right
handling your biz, ha
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in
Eat well stay healthy and big, get your shit right
handling your biz, ha
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in

That's right, your ...served a few feet back before ,
drop come clean
That's right, your ...served a few feet back before ,
drop come clean

Made a loud name for myself comiting crimes well
known
in the streets flashing heat to get money
What the fuck broke after all the the spots I stuck
Got feel it told me someday I will run out of luck
My cose is getting murked and locked up in the earth
that swallow some nigger hold out these shop block
off I fell back, they analyze my situation
My son's life begun of contemplating elevation
Got me insecurity gig, but found that shit to ironical the
dirt I did
See God put a word have me fixing niggers ways up
town to auto harlem
Felt like I was hustling again without the problems
link the law... drug sales
Kept my head to the sky saying to myself

Eat well stay healthy and big, get your shit right
handling your biz
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in
Eat well stay healthy and big, get your shit right
handling your biz
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in

Get it in, where fit is the motto,

plan plot strategy ...in the case you never see tomorrow
Cause men won't beg but the ...was still, to feed the , a
decent meal
Fuck what you feel, I'm from a whole where the homie
is too real
If you don't provide for family then who will,
The process are coming up to get you killed
To make it to the top takes true skill, is too ill, I'm sick
with it
Feel it running through my veins in to all my .
..weighting heavy on my brain
To break it all down, I gots to maintain,
got too much to lose to fall a victim to the game
My freedom is worth more than any ill gotten game
Plus I made an oath not to die in vain
Look too many good dudes who got blew out the frame
But what their family lost was the crying shame, so

Eat well stay healthy and big, get your shit right
handling your biz
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in
Eat well stay healthy and big, get your shit right
handling your biz
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in

In the search for better days and better way to get paid
I learned of
Stay out of my cage and channel my rage, ,
Honest wage where I can honestly say I'm doing girls
someone say I'm just a ...slave
I say I'm all the way , till they rob my grave
You could look me in my eyes see I'm not to be played
with
Roam with them same killers I was raised with,
they'll recognize, they'll try to find a way to get rich
It's nothing to get shot popping blazing this bitch,
it's nothing to get your knot rock play you in the ,
I'd rather drank me a bottle of Criss,
lay back with a dicky dick chick that could fry some fish
Keeping in your dick hard like God gave her gift,
then drop it like it's hot and clock that grip
So why ya all think it's fake , can pop that shit
I'ma set of ...coexist and just,

Eat well stay healthy and big, get your shit right
handling your biz,
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in
Eat well stay healthy and big, get your shit right

handling your biz
Put in there ...boy to give till you got it on smash,
get it in, get it in, get it in.
