I cant say what kept me in here tonight
except your brown eyes under yellow neon light
I came lookin round, searchin out somethin new
and I never thought Id find myself lookin at you
Mustve been three years since I saw you last
and I never seen a Southern woman talkin so fast
about your war, your peace, and all your new
philosophies,
your now and then, and all the places that you been
But while I watch your lips move
The band is set to start the groove
Wait until they turn the lights low
Then we start to move it kinda slow
Now come on, slide a little closer
Take a sip of my mimosa
Dont let your politics interfere
With what our bodies are doin here
Anyway
I aint got nothin to say
Anyway
I aint got nothin to say
When you slid across the floor everybody knew
That the girl was lookin sweeter than honeydew
Maybe you and me could take it to another zone
The kinda place without your friends around to
chaperone
We can end the suspicion, stop what youre doing and
listen
Cause baby you and me can work out fine
Tell your other man youre leavin, aint no time for
deceivin
Because tonight Im gonna make you mine
And while I watch your hips sway
We could shake it til the break of day
Youre sophisticated I can tell
Cause you got me caught up in your spell
Youre a natural temptation
With a gift for conversation
But after all the fancy talk is through
Wont you let me take a walk with you
Anyway

I aint got nothin to say
Anyway
I aint got nothing to say
