V1.

Mama, take me down to the county fair.  
I'm gonna see my darlin' there.  
We jump on the Zip and the Ferris Wheel.  
I can't explain how she makes me feel.  
I do not drink and I do not rob,  
I work all day at my Summer job.  
Cuttin' that grass for a dollar square  
To pay my way to the county fair.

CHORUS:

Oh my, tell me why  
The good times come, and the good times die.  
Take me 'round again and I'll meet you there  
At the county fair.

V2.

Horseshoe and a rabbit's foot.  
I'd press my luck if I thought you would.  
All day long, well I don't care.  
I'll wait for you at the county fair.

CHORUS:

Oh my, tell me why  
The good times come, and the good times die.  
Take me 'round again and I'll meet you there  
At the county fair.

BRIDGE:

Well we get broke, and we get sad...  
But I guess it really ain't that bad around here.
