Let me tell you.....

Jenny's getting her stuff in my room
Puts on her skirt and she's looking good
Six AM and she's leaving soon
Says what a crazy night I had
A real good time

But her kiss tells me it's goodbye
Just like nothing happened last night
But if I had one chance
I'd do it all over again

One night stand I don't think she's coming back for
more
She was only looking for a one night stand
I don't think she's coming back for more
No no

Now I'm left up in my lonely room
She left her underwear and her perfume
I never thought that it could be this good
And I still feel a little on my fingertips
I'm trying hard not to feel rejected
Maybe the phone line's disconnected
But if I had one chance
I'd do it all over again
I know it

One night stand I don't think she's coming back for
more
She was only looking for a one night stand I don't think
she's coming back for more
She was only looking
One night stand but I'd do it all again for sure
Oh yeah

Baby like a blind man I rushed in
Now do I have the right to ask you,
Will you be coming back again?
One night stand I don't think she's coming back

One night stand I don't think she's coming back
One night stand I don't think she's coming back

One night stand I don't think she's coming back for
more
She was only looking
One night stand I don't think she's coming back for
more
She was only looking for a one night stand I don't think
she's coming back for more
She was only looking for a one night stand I don't think
she's coming back for more
She was only looking
One night stand but I'd do it all again for sure

I guess it was a one night stand
One night stand
I guess it was a one night stand
One night stand
I guess it was a one night stand
One night stand
I guess it was a one night stand
One night stand
I know it, yeah
