We are degeneration
We are degeneration
We are degeneration
This is the end of civilization

You talk, cops are gonna get ya
You run, cops are gonna get ya
You hide, cops are gonna get ya
You'll never grow up 'cause they'll never let ya

We build, and you're gonna break it
We give, and you're gonna take it
We learn, and you're gonna fake it
Gonna get drunk 'cause I know you're gonna hate it

This situations gotta blow
This generations gotta go
It's a time to celebrate
With all the people that we hate
We're on the road to nowhere you know
