He's a fucked up man with a fucked up life
Two dirty kids and an ugly wife
Standard clothes and a standard car
acceptable ???..that's what you are
The only times he's having fun,
is when he's up he's neighbours bum
Kids himself that's he's a man
He's never happy with the plan
Moans about he's got no class
Because his heads right up his arse

Well we don't like the things you do
And we will not remember???you

He tells his kids not to be bad
And grow up like their normal dad
Then he sneaks off down the porny shop
To buy his books and rubber cock
He hides behind his mask of grins
And covers all his fucking sins

Well we don't like the things you do
And we will not remember??. You

Your praying to your god above
To repay all you fucking love
But you're the meanest cunt in town
The road in you is fucking down
So don't expect respect from us
You fucked your life up, can't you suss

Well we don't like the things you do
And we will not remember??you

Well we don't like the things you do
And we will not remember??..you
